Trout Creek
October 22, 2021

Trout Creek! Named after you. Nearby Hemingway
Creek, where the spirits are good for stories about
you and those who want to be close to you, in your
world. The first time I had a Typewriter story for you
it was here...
High clouds and cold water, falling leaves follow
your path downstream. This is the time of year for us...

I will sketch you, as I imagine you to be...
shiny and wet, happy as fish...
